Beyond Migraine - Seminars

Are Complex Migraine Cases Draining Your Clinical Confidence? If you're a dedicated practitioner, you've likely felt the frustration. A patient presents with debilitating, multifaceted symptoms, but the standard protocols only offer limited relief. You know there's a deeper connection between neurology, metabolism, and lifestyle, but lack a clear system to connect the dots. Who Will Benefit Most from Beyond Migraine? Our seminars are meticulously designed for healthcare practitioners who are committed to providing advanced, holistic, and effective care for their migraine patients.

Chirosbridge – AMP Growth Hub

- A bespoke growth and communication system built specifically for UK chiropractors, whether you are working solo or leading a multi-practitioner clinic with a team.
- Built from real clinic experience, AMP focuses on what actually drives a successful clinic: growth, patient retention, and a more structured way of working across the whole team. It gives you more control over your clinic's growth, retention, and day-to-day operations, without adding more to your workload.
- Fully integrated with Practice Hub, AMP connects your patient journey from first enquiry through to ongoing care, helping you reduce drop-offs, improve follow-through, and create a smoother, more professional experience.
- AMP supports:
  - Stronger patient retention and recall
  - Better patient education and engagement
  - Increased reviews and local visibility
  - Lead capture and follow-up
  - All patient communication in one place
  - Missed appointment follow-up
  - Marketing tools such as landing pages and campaigns, created as needed

Rehab My Patient - Online Exercise Program

Rehab My Patient is loved by clinicians around the world, with a very intuitive and easy to use website, and benefits from most exercise programmes by being prescribed in under one minute! There are templates to assist with exercise prescription, with phased rehabilitation protocols, and you can save your favourite exercises. Then email, SMS, WhatsApp or Print your exercise plans for your patients. Every exercise plan sent to a patient helps advertise your services within an evidence-based format.

Prices start from just £10 per month and clinics from £15 per month allowing several practitioners to use the software together. Simply click the link below to register and benefit from the savings.

Website: https://www.rehabmypatient.com/register/uca

RockTape UK - Kinesiology Tape

Their premium brand of Kinesiology tape has been designed to be stretchier and stickier; it's a firm favourite with medical professionals and athletes alike. They are delighted to offer UCA members some special pricing.

Website: https://www.rocktape.co.uk

Scan.com - Diagnostic Imaging Platform

Scan.com is the diagnostic imaging platform making medical scans accessible to everyone. Scan.com offers discounted imaging to UCA members and their patients. Plus, members can create a Scan.com referral portal account for free, to seamlessly manage all of their patients' imaging in one place.

⏱️ It takes less than 5 minutes to order a scan

🙋 The patient is free to choose from over 300 UK scanning centres

✅ Scan.com provides regular updates as the scan progresses

📥 Digital reports and images are available in just a few clicks

There are two ways to offer accessible and affordable imaging to your patients:

Our Affiliate Webpage: Direct your patients to our affilliate link https://uk.scan.com/?ref=UCA on Scan.com, where patients can find and book self-pay scans, without needing a referral. A special member discount is automatically applied at the checkout for your patients' convenience. For one affordable price, their booking includes a complete package of care, with a clinician phone consultation, referral letter, scan and results completed in as little as one week.

Our referral portal: Sign up to Scan.com's portal for free, and get your own dashboard through which you can refer your patients for imaging in less than five minutes, track all referrals as they progress, and download the results in one place. It removes layers of admin, including writing referral letters and chasing hospitals for scheduling and results. Plus, once you refer a patient, they receive an email link to complete their booking, where they have the freedom to choose locations, costs and appointment times to suit them. Our member discount is also automatically applied for the patient.

Scotrad - X-Ray Imaging Equipment

Scotrad are an independent imaging equipment company who specialise in x-ray servicing and repair. They offer an x-ray equipment annual maintenance and safety check service. "We can certify your equipment to ensure it meets the requirements of current regulations."
