

The Royal College of  
**Chiropractors**

# PRT Programme

Start strong. Build confidence. Thrive in practice.  
Run by the Royal College of Chiropractors

## What is PRT?

Starting your career as a chiropractor can feel like a big step – and that's where the Post Registration Training (PRT) comes in.

The PRT is designed to support you as you move from university into real-world clinical practice.

It helps you build confidence, sharpen your skills, and grow into a capable, independent practitioner with the guidance you need along the way.

### Experiential learning

Observation and mentorship from other healthcare professionals

### Practice Based Learning

Regular discussions and observations with your trainer

### Live Online CPD Workshops

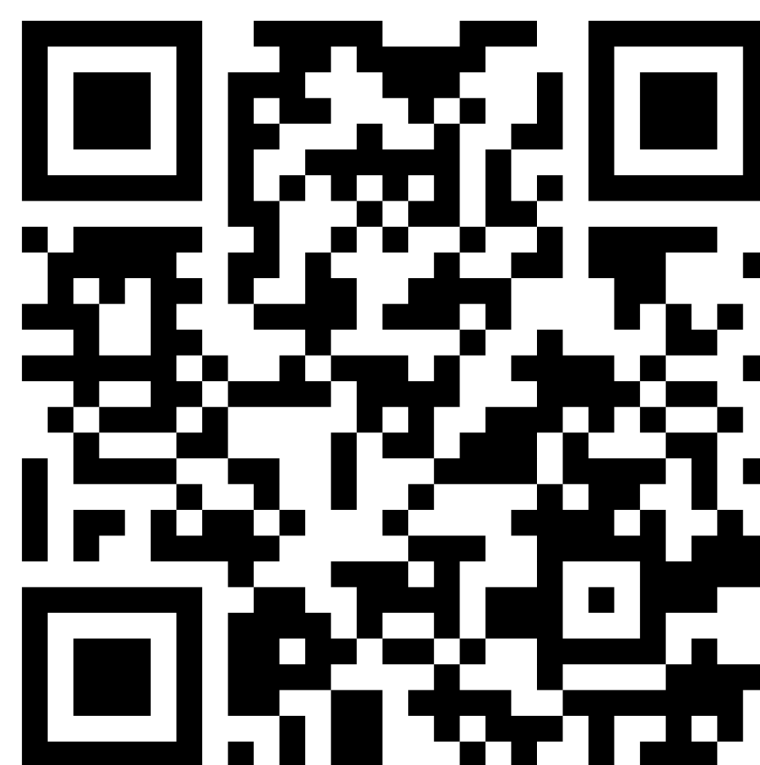

Interactive sessions with peers led by experienced PRT tutors

## Advantages of PRT

- RCC Diploma in Chiropractic (DC)
- RCC Licentiate Status
- Opportunities to progress to become a Member and Fellow of the RCC
- GCC Clinical Governance CPD
